

You will receive an email from our office to complete an evaluation of this meeting at the end of June. Completion of this evaluation is required in order to receive your continuing education credits. Statements of credit will be emailed to you within 4-6 weeks.

### Accreditation Procedures

The amount of continuing education credit you earn will be calculated based upon the sessions you attend. In order to receive an accurate certificate noting the correct amount of credit, *you must update the online registration system with any changes to your attendance.* These changes may be made after the annual meeting beginning Monday, June 4th. Changes must be made by Monday, June 25th. Please note that if you attend only those sessions for which you originally enrolled, you do not need to go online to update the system.

To update your registration, please visit <http://www.cvent.com/d/9cq92y/4W> or follow the link from your email confirmation. Click [Modify Registration] and enter your information. Click modify on the top of the page, then select [Registration], and choose the sessions that you attended. If you are unable to access your registration system online, please visit the following link: <http://annual>

[meeting.msca.org/images/pdf/2012registrationform.pdf](http://meeting.msca.org/images/pdf/2012registrationform.pdf)

- . This will open a pdf form that you can either fax to 201-678-2290 or email to Ryan Francia at [rfrancia@msca.org](mailto:rfrancia@msca.org)
- . Please note that in order to access your online registration you will need your confirmation number, which you received after you registered online.

An invitation to complete an evaluation of this meeting will be emailed to you shortly after the annual meeting. Completion of this evaluation is required in order to receive your continuing education credits.

## CE Certificates
